A Word to Farmere.

Corn is a good thing, a very good .. thing, may one of the very best things grown on a farm. Corn, corn, corn GRAPE PILLS ! from year to year only alternated with a little more corn has worn the life out of many and many an acre of land in East Tennessee. Economy, comfort, reason and interest demand that the practice so long prevalent of growing corn to the almost total exclusion of Deleterious Drugs. corn to the almost total exclusion of everything else, should be stopped. Entirely too little attention is given to the grasses and clover. Stock of all kinds is neglected, to the loss of the

The time is at hand for pitching the crops and we most earnestly urge upon of them, such an invigoration of the entire system takes place as to appear miraculous to the weak and energy at menious to the weak and energ at present it is the degrest crop grown on the farm. But do not plan to stop improving when you have got your land down in grass or hay. Next you want pasture land-blue grass and orchard grass again. Blue grass will grow with proper care in putting it in on any of the limestone soils in East Tennessee. When you get your pasture then you want sometheng to eat your grass-eattle, sheep, hogs, horses and mules. Then you begin to be a farmer, and your home to look like a farm and not merely a cornfield. Then you can drive your work-now your

care to have my men get up before five bones, ulcerations of the throat and legs. or half-past five in the morning, and if they go to bed early and sleep soundly they will do more work than if they they will do more work than if they stiff past four." We stiff past four." We do not believe in the eight hour law, but nevertheless, are inclined to think, as a general rule, we work too many hours on the farm. The best man we FLUID EXTRACT BUCHU. ever had to dig ditches seldom worked, THE GREAT DIURETIC has cured evewhen digging by the rod, more than 9 ry case of Diabetes in which it has been when digging by the rod, more than 9 ry case of Diabetes in which it has been when digging by the rod, more than 9

Much, of course, depends on temperament; but as a rule, such men need sound sleep, and plenty of it. Let farmers, and especially farmers' boys have plen ty to eat, nothing to "drink," and all the sleep they can take.

Cure for Nervous Headache.

A well known Kentucky minister, subject to severe spells of nervous headache, was in our office the other day during one of these attacks. Major Brown, of Mexico, was present and proposed to relieve him in five minutes, which he did most effectually. The following is the prescription:

Take a desert spoonful of common soda, such as is used in making bread. and dissolve it thoroughy in a quart of cold water, with this shampoon the head for about five minutes, scratching the skin of the head and back of the neck well with the finger nails then rinse the head with clean cold water. Major Brown says he has used this remedy in perhaps a thousand cases since 1863 and never once failed to give relief in five or ten minutes. The remedy is for nervovs headache, and is not for those affections of the head arising from deranged stomachs .- [Ex.

WINCHESTER, TENN,
Office 'next door Burrough's Coach Shop Offer their professional services to the citizens of Franklin and adjoining counties. Special attention paid to every branch of the science. One or the other one county have given it their most cortain approval as a "charming" and "instructive" work.

Rivers of Impure Blood Flow and vibrate through the system of those tainted with Scrofula, Salt Rheum. Syphilis, Barber's Itch. Eruptions or Pimples on the fice, Boughness or Redness of the skin.

Compound Extract of Stillingia cleanses and drives out all impurieties of the country. And when the long down the revenue of the procession of the country have given it their most cortain approval as a "charming" and "instructive" work.

The style in which it is published excels anything it has been our privilege to example. The science of the country are perfect "gems of art." We have space to describe but two of them. The first is "The Night Watch in Mount Self." Beside one of the mountain passes, with grand peaks towering, crag upon crag, on either side, stands the watch-tower with its solitary watchman. Just through the pass can be seen the first bright streaks of approaching dawn. At the foot of the pass, wholly shaded by the overhanging crags, a party of travelerance country are perfect "gems of the first bright streaks of approaching dawn. At the foot of the pass, wholly shaded by the overhanging crags, a party of travelerance of the pass wholly shaded by the overhanging country are perfect gems of the country are perfect "gems of the country ar Watchman: "Watchman, what of the night," and down through the pass comes reverberating that cheering cry: "The morning cometh." Again we pass on down the ages to the time when the long looked-for morning had come, and the Son of righteousness had arisen with healing in His beams. Before us is a lone mountaint in the state of the Compound Extract of Stillingia,
which will soon render the whole system
and complexion as free from poison and
blemish as a cloudless sky.

The genuine is prepared only by
PEMBBRTON, TAYLOR & CO.,
TYLOR & CO.,
TYL midnight hour; but glory surrounds the lowly form—it is Jesus, for "it came to pass in those days that He went out into a mountain to pray, and continued all night in prayer to God." It was a sublime scene, and the representation before us tends to awaken the most devout reflections.

We love to dwell upon the scenes por-trayed in these illustrations; and we feel that no one can full to be benefited both by these truthful and impressive pictures, and by the earnest words of the writer. Let parents, who wish to have their chil-dren love the Word of God, and understand its lessons of wisdom and love, secur-

its pages.

Railroad Facilities.

The county of Franklin possesses superior advantages as to railroad facilities. The Nashville & Chattanooga Railroad, one of the principal great thoroughfares of the South, runs through this county marits center from Morth to South; the Winchester & Alabama Railroad runs through the county from east to west, near the base of the Cumberland Mountain; and the Sawanee Coal Company's Railroad interwanee Coal Company's Railroad Inter-sects the Nashville & Chattanooga Rail-road at Cowan.

Moral and Social Advantages,

We claim as many moral and social ad-We claim as many moral and social advantages as any other portion of our State. This is evinced in the m-ny well-organized churches which are to be found in every part of the county. The prevailing or most numerous christian denominations are the Baptist, Methodist, Presysterian, and Episcopalian, while nearly every denomination have their representatives here.

There are at least four well-organized and established intstitutions of learning in this county—three female and one male college. These institutions are largely patronized at home and abroad. Every community and civil district has its com-

community and civil district has its common schools.

Health, Location, Soil, Etc. The elevation of this county (it being The elevation of this county (it being situated upon what is termed the table land of Cumberland Mountain,) gives it superior advantages in point of health freed, in the main, from those missmatic diseases which are to be encountered some other portions of the State. The larger portion of this county is a key plain, well watered, and sufficiently undulating to drain it. The Cumberland Mountain, lifting its long peaks along the nitre castern border of our regards is a seen eastern border of our county, is a seen e and grand. The soil generally of that character known as reland, with a clay foundation, which make the exhausted or worn out lands susceptible of being readily and easily improve Corn, cotton, wheat, rye, oats and barks, may be grown profitably here. Cloudoes well here, as the many luxuriant field which abound will fully attest. A great

variety of vegetables may be grown here in the greatest abundance, and perhaps is

any other portion of our State.

Manufacturing Facilities.

The manufacturing advantages of county, in the way of water power, are equal perhaps to any in the State. Els river ecurses its way through the county river ecurses its way through the conty near its centre, from east to weast a stream large enough, and afforiding a sufficient amount of water at all seasons to runa vast amount of machinery all the year, upon which there are some fine locations for manufacturing. Very superior water-power is also found upon almost all the tributaries of this river—Bolling Fork, Town Creek, Rean's Creek, etc. Town Creek, Bean's Creek, etc.
The timber upon the table land is mostly

the different varieties of the oak, chesna and hickroy. In the river bottom land and coves are to be found the poplar, ma-ple, beech, black walnut, etc. Indeed, there is no scarcity of timber in any part of this county.

Fine Beds of Limestone Rock. I mmense beds of the purest limeston rock is found along thebase of the montain, out of which may be burnt, at a tri fling cost, lime enough to supply the million.

The Price of Lands. for commissions.

All claims for Loss and Damage settled promptly.
